

Vehicle Maintenance Management Conference Call for Presentations

The Vehicle Maintenance Management Conference (VMMC), one of the industry's longest running annual conferences, brings together industry professionals from both public and private sectors throughout the United States and Canada. The University of Washington hosts this annual conference where technicians, supervisors, distributors, owners, educators, and manufacturers meet in an educational format to improve skills and address crucial fleet maintenance management issues.

The program format includes formal, educational presentations, panels with open discussions and in-depth technical training. Participants include fleet supervisors, mechanics/technicians, manufacturing reps and shop superintendents from utilities, construction, public agencies, school districts, manufacturing reps and other fleet-dependent organizations.

Experts who wish to share their knowledge in the areas below are invited to submit a presentation proposal.

Suggested topics include but are not limited to:

Technical Track

New Technology
Utilities Equipment
Engines
Fuels & Lubes
Hydraulics
Transmissions
Electronics
Brakes
Tires & Wheels
Axles
Batteries
Recycling/Disposal
Hybrids

Leadership Track

Facility Design
Financial Analysis
Individual Enrichment
Team Building
Supervisor Training
Software Applications
Regulatory Issues
Outsourcing / Insourcing
Shop Management
Industry Trends
Security
Environment Issues
Alternate Fuels
Safety

Submission Guidelines:

Presentations should be educational, non-commercial, and provide value to the attendees.

Please indicate the expected length of presentation. Session timelines are 90 or 180 minutes, including a short time for questions and answers.

Scheduling of sessions will be determined by December 1.

Proposals are evaluated by the VMMC Steering Committee.

Sales pitches for products or services masked as proposals will not be considered.

Please submit presentation title, presenters name, organization, address, phone and fax number, and email address via the on line Presentation Proposal Form or you may fax or mail it by downloading the Presentation Proposal Form in PDF format.
