Engineering Summer Bridge
June 22 - July 10, 2015
UW Seattle Campus
**WiSE UP:**
- Is an energetic three week commuter summer bridge experience with a focus on strengthening ones commitment to a STEM future.
- Is an introduction to strategies and learning processes that will assist students in becoming a productive and successful university and engineering student.
- Is an opportunity to engage with your UW academic community and peers who will become an integral part of your successful transition

**BENEFITS OF WiSE UP:**
- Exploration of engineering majors through combination of class instruction, labs, seminars, and industry engagement.
- Orientation to the study of engineering to gain a better understanding of the STEM profession and receiving recommendations for a successful career.
- Learning about and identifying resources, strategies and skills for academic success and survival at the collegiate level.
- Introduction to engineering pre-requisites courses such as math, physics, and chemistry.

**WHO QUALIFIES FOR WiSE UP:**
- UW Autumn Quarter 2015 incoming first year students planning on majoring in engineering and/or computer science.

**WHEN IS WiSE UP?**
- WiSE UP is a three (3) week commuter program which takes place on the UW Seattle Campus. WiSE UP will be held:
  
  **June 22 - July 10, 2015**

- Standard program days and times are Mon-Fri, 9:00am - 4:00pm.
- One weekend of participation is included and required in the program.
- Participants will attend the required UW Freshman orientation during the program duration.
- For all participants: completion and submission of official UW Math Placement Test by program start date.

**WHAT IS THE COST OF WiSE UP?**
- A registration fee of **$300.00** is required of all participants.
- Interested in Living on Campus during WiSE UP?
  - Residence Hall housing is available to WiSE Up participants and can be arranged through the UW Housing and Food Services (HFS) office. For more information contact the HFS Conference Services at (206) 543-7676 / confhous@uw.edu.

**HOW DO I APPLY?**
- You can complete your online application at:

- Application Submission Deadline: **Thursday, April 30th, 2015**
