Juniors.....Want to study *engineering* at the University of Washington?

Mathematics Academy Program Dates: July 5 – July 31, 2015

Application Deadline: March 10, 2015
**Application Checklist**
The Mathematics Academy application has several components, all of which will be considered in the evaluation of your application. You must submit the following:

- [ ] Student Information
- [ ] Parent/Guardian Information
- [ ] Application Essays (2), short answer question (1)
- [ ] Letters of Recommendation (2)
- [ ] School Information Form (completed by counselor)
- [ ] Unofficial High School Transcript (from your school)
- [ ] High School Profile (from your school)
- [ ] Timed Algebra Test (taken on UW campus, or at your high school)

---

**Instructions:**
All sections and blanks must be completed by students, parents or legal guardians, including signatures.

**Essays & Short Answer Question:**
Applicants are required to submit two (2) original essays. Each essay should be neatly written or typed and include the applicant’s name and date of birth at the top of each sheet. Please respond to the two essay prompts in 300 words or less (each).

In one to two sentences, answer question three (3). Please keep your answer short, as details to your interests should be addressed in essay question one (1).

**Letters of Recommendation:**
Students must submit two (2) letters of recommendation. Both letters should be written by someone who knows you well and can speak to your academic ability and interest in engineering. Recommenders may use the included form or attach a separate letter.

1. One letter of recommendation must be completed by a current math or science teacher.
2. The other letter of recommendation may be completed by a teacher, counselor, or club advisor.

**School Information Form:**
A guidance counselor or advisor must complete your School Information Form and provide the requested documents and information. An unofficial high school transcript is required and must include your junior year grades (whether quarter, semester, or trimester). In addition, if you have taken any standardized tests those scores must be submitted to us on your School Information Form.
Instructions Continued

Timed Algebra Test:
All applicants are required to take a proctored math assessment in order to be considered for admission. Students can take the assessment at the University of Washington, Loew Hall on Saturday, February 14th. Students who are unable to travel to Seattle for the assessment are required to find a teacher or school official to proctor the skills test. Please remember that the skills test is just one element of the application and will be reviewed holistically with all other required materials.

Program Costs and Fees – NONE
Thanks to generous sponsors, the 2015 Math Academy is being offered free of charge. Students will not pay for the math assessment, the program, housing, or food. However, families must cover the cost of travel between the student’s home and the University of Washington.

Submitting Your Application
Applications are due on March 10, 2015. If possible, please compile all required materials into one mailing (including teacher recommendations and school forms). If materials will be arriving separately, please make sure that all documents include the applicant’s name and date of birth.

Please mail or email completed applications to:
UW Mathematics Academy, 301 Loew Hall Box 352180, Seattle, WA 98195
delcia@uw.edu

Notification of Admission
Students will be notified of their decisions in late April. Decisions will be sent to the email address provided in the application. If no valid email address was provided, students will receive their decisions in the mail.

Confirmation of Attendance
Admitted students will receive an acceptance package in the mail that contains a number of forms that need to be completed and signed. Students must return these documents and accept their spot in the Math Academy by May 30, 2015.

Questions?
If you have any questions, please feel free to contact Angela Ballasiotes, Program Manager for Pre-College Recruitment & Outreach, at 206-616-3280 or delcia@uw.edu.

Applicants are required to submit two (2) original essays. Each essay should be neatly written or typed and include the applicant’s name and date of birth at the top of each sheet. Please respond to the following two essay prompts in 300 words or less (each).

1. What is engineering, and why does it interest you? Why do you think a career in engineering, mathematics or physics fits you and what field is of particular interest to you? If you were not to study engineering, what would you study?

2. Describe who you are, to help the committee understand how you will contribute and benefit from the UW Math Academy. When writing, please address the following:
   - How have you prepared yourself through classes and extracurricular activities to study engineering and technology at a top school like the UW?
   - What unique personal and/or academic qualities will you bring as a participant in the UW Math Academy?
   - What are your career goals, and how do you think being in the Math Academy will help you reach them?

3. In one to two sentence, please indicate the major you intend to study.
TEACHER RECOMMENDATION FORM (1 OF 2)
TO BE COMPLETED BY A CURRENT SCIENCE OR MATH TEACHER

Student Name: ___________________________ High School: ___________________________

Teacher Name: ___________________________ Title: ___________________________

Teacher Phone: _________________________ Email: ___________________________

How long have you known the student and in what capacity? ___________________________

Teacher Signature: ___________________________

Recommendation may be typed and attached or neatly handwritten in ink. Recommendation should address student’s motivation and work ethic with challenging math problems, academic strength, and interest in engineering at the University of Washington. Examples illustrating how the applicant has distinguished himself or herself in your classroom will be particularly helpful.
Student Name: ___________________________ High School: ___________________________

Teacher/Counselor Name: ___________________________ Title: ___________________________

Teacher/Counselor Phone: ___________________________ Email: ___________________________

How long have you known the student and in what capacity? ___________________________

Teacher Signature: ___________________________

Recommendation may be typed and attached or neatly handwritten in ink below and must be included with this application. Recommendation should address student’s motivation and work ethic with challenging math problems (if applicable), academic strength, and interest in engineering at the University of Washington. Examples illustrating how the applicant has distinguished himself or herself in and out of the classroom will be particularly helpful.
## SCHOOL INFORMATION FORM
TO BE COMPLETED BY GUIDANCE COUNSELOR

### AUTHORIZATION FOR INFORMATION RELEASE:
Please sign this form and give it to your guidance counselor to complete.

I hereby authorize my high school to release the information requested below.

<table>
<thead>
<tr>
<th>Student’s Name:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Student’s Signature:</td>
</tr>
<tr>
<td>Date:</td>
</tr>
</tbody>
</table>

### Type of High School:  
- [ ] Public
- [ ] Private
- [ ] Parochial

### Name of High School:

### College Board CEEB Code: (six digits)

### High School Address:

<table>
<thead>
<tr>
<th>Number and Street</th>
<th>City</th>
<th>State</th>
<th>Zip Code</th>
</tr>
</thead>
</table>

### Student Rank:   
- [ ] Class Size:  
- [ ] Student GPA:  
- [ ] Scale:  
- [ ] Weighted  
- [ ] Unweighted

### APPLICANT’S STANDARDIZED TEST SCORES (please list all applicable scores):

<table>
<thead>
<tr>
<th>PSAT Critical Reading:</th>
<th>SAT Critical Reading:</th>
<th>PLAN:</th>
</tr>
</thead>
<tbody>
<tr>
<td>PSAT Math:</td>
<td>SAT Math:</td>
<td>ACT:</td>
</tr>
<tr>
<td>PSAT Writing:</td>
<td>SAT Writing:</td>
<td>ACT Math:</td>
</tr>
</tbody>
</table>

### CERTIFICATION
I hereby certify that the information I have provided is accurate and true as of the date indicated below.

<table>
<thead>
<tr>
<th>Name of Guidance Counselor:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Signature of Guidance Counselor:</td>
</tr>
<tr>
<td>Date:</td>
</tr>
</tbody>
</table>

### MAILING INSTRUCTIONS:
Once completed, please return this form to the student along with an unofficial high school transcript and school profile. Or, you may mail or email the required forms to:

**UW Mathematics Academy, Box 352180, Seattle, WA 98195**

TIMED ALGEBRA SKILLS TEST

OPTION 1: Take skills test at the UW College of Engineering

Date: Saturday, February 14, 2015
Time: 11am-12pm
Location: Loew Hall First Floor

Register for a test date online by February 10, 2015: https://catalyst.uw.edu/webq/survey/dass/255102

Rules: Students will only need to bring a pencil and scientific calculator (graphing calculators not allowed).

OPTION 2: Take skills test at your high school

Date: Skills test must be completed and submitted by March 5, 2015.
Rules: Skills test must be proctored by a teacher, counselor, or school administrator. Proctor must sign and date the cover sheet of the test, confirming that they have followed the requirements below. Students will be given 60 minutes to complete the exam. Graphing calculators are not permitted, scientific calculators OK.

Register your test date and proctor information online by February 20, 2015:
https://catalyst.uw.edu/webq/survey/dass/255102

The online registration will require students to provide their own information as well as the following:

- Proctor Name
- Proctor Title
- Proctor Email Address
- Testing Location
- Testing Date (ok to list a future date)

Proctor Requirements (these are also listed on the cover sheet of the exam, with space for a signature):

1. Proctor must be a teacher/counselor/school administrator who is not related to the student.
2. The proctoring site cannot be a private residence.
3. Proctor must verify each test candidate's identity prior to the start of the examination.
4. Test candidates must not view the examination prior to taking it.
5. Test candidates must not use any graphing calculators (scientific calculators are ok), books, notes, online content, or other items, except blank paper provided by the proctor during the examination.
6. Test candidates must never be left unattended at any time during the examination.
7. Test candidates must remain within proctor's field of vision during the duration of the examination.
8. Test candidates must be seated in such a way as to limit their view of others' work.
9. Test candidates must depart the examination room without their supplied scratch paper at the conclusion of the examination.
10. Proctor must certify that he/she supervised the administration of the examination and that the test candidates have completed the examination in accordance with all instructions and requirements as outlined on the examination cover sheet.

Proctor should return the completed skills test immediately to the UW Math Academy via mail or email. Once the Math Academy has confirmed receipt of the assessment, the original (if emailed) must be destroyed.
