Make an impact in Engineering at UW.

Enroll in ENGR 401: Leadership Development to Promote Equity in Engineering Relationships (PEERs).

This 3-credit seminar enlists engineering students’ creativity and social conscience to create an inclusive environment in the College of Engineering. Students explore topics like diversity, unconscious bias, and privilege. The course also satisfies the UW Diversity Requirement.

Students who successfully complete the PEERs seminar are eligible for internship opportunities as PEERs Leaders.

Course Instructors: Dr. Joyce Yen, UW ADVANCE and Dr. Sapna Cheryan, Psychology.
