

Faculty hiring pool dashboard

At the College of Engineering, we are committed to inclusive hiring practices. The dashboard below displays hiring pool data for faculty searches from the 2022-2023 academic hiring season. Data is submitted by departments within the College of Engineering. While the dashboard won't provide the full story, it gives a snapshot and insight as we work together to build a welcoming and inclusive community.

Hispanic or Latino*

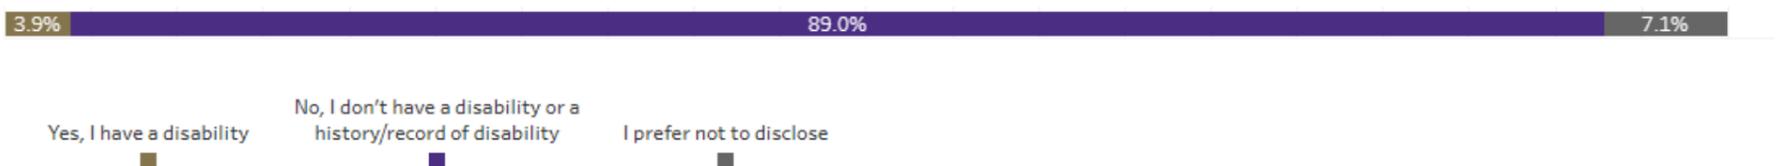

Sex

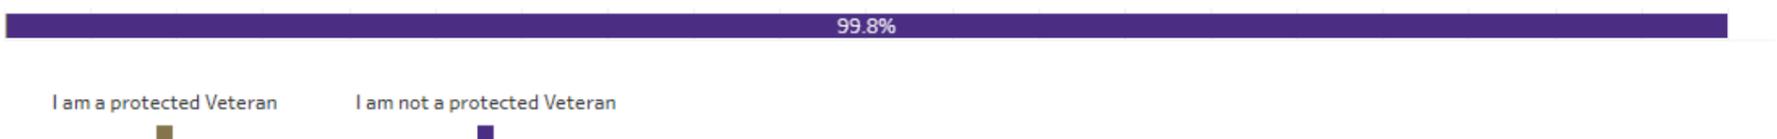

Race

Disability status

Veteran status

*In accordance with federal requirements, race and ethnicity are asked as separate and independent questions.

Below are the dates of data submitted by departments that are reflected in the dashboard. Some departments may have multiple submissions due to having multiple hirings.

› **Data submission history**

Department	Date
Paul G. Allen School of Computer Science & Engineering	3/31/23
Electrical & Computing Engineering	3/31/23
